Extra components

Professional instruments and accessories for specific treatments, chemical and cleaning products, bath linen and fragrances delineating each exclusive environment in detail.

The extra components are essential elements to complete every wellness area, **enriching and defining the Wellness experience** with both style and functionality.

Accessories spa

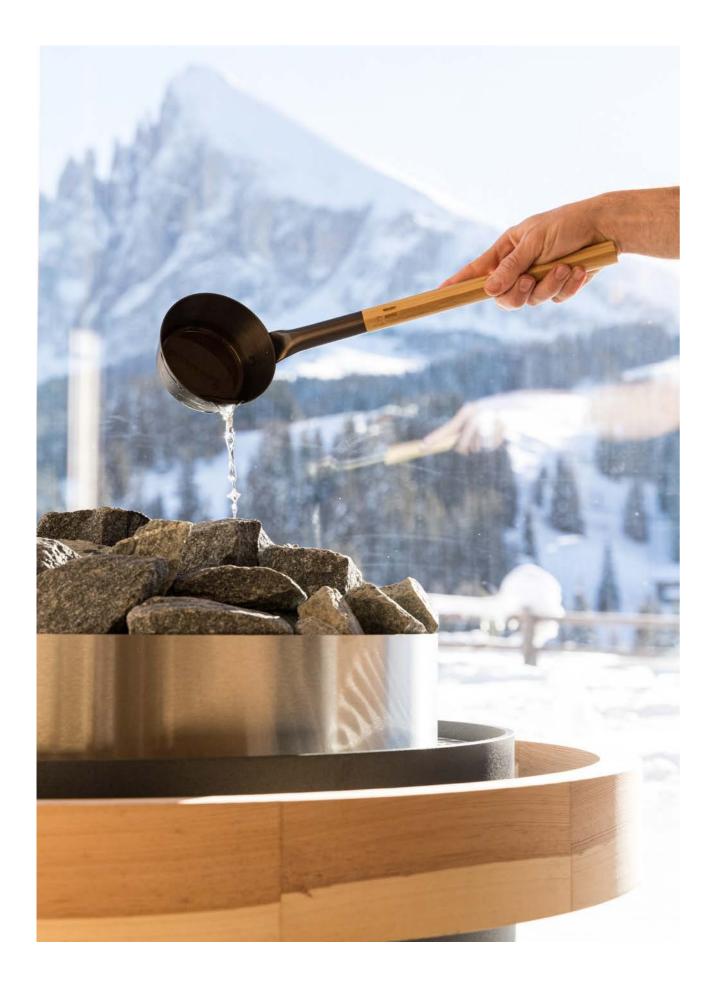

The accessory line designed for the spa

A **complete range of accessories** to make the most of your moment dedicated to well-being.

All the accessories are designed to **enhance the Wellness experience** inside saunas and steam baths. From the essentials to perform a traditional Aufguss ritual, like **bucket and ladle,** to the **ergonomic headrests.** All that people need to live every moment in the spa to the fullest.

Ladle

LADLE WITH BAMBOO-HANDLE

The ladle is an ever-present element inside saunas. Realised with natural materials, it features a bamboo handle and an aluminium bowl, as well as a sophisticated design with neat, simple lines. It is essential for the Aufguss ritual - "the steam release", a ritual of well-being and purification.

Matching set with the bucket.

Black ladle with bamboo handle

24.030.09.0972 Dimensions: 43 cm € 35,00

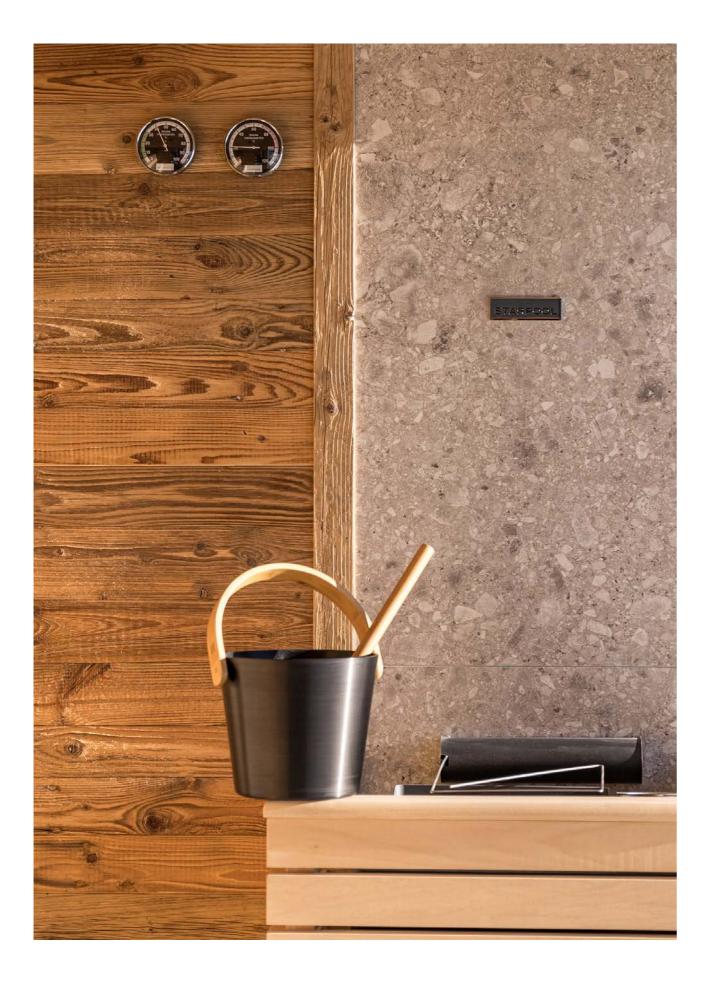

Silver ladle with bamboo handle

24.030.09.0973 Dimensions: 43 cm € 35,00

Champagne ladle with bamboo handle

24.030.09.0982 Dimensions: 43 cm € 35,00

Bucket

BUCKET WITH BAMBOO-HANDLE

Aluminium bucket with heat-treated bamboo handle,

characterised by timeless design, and completing both traditional and modern saunas with elegance.

The **biocompatible material** ensures excellent performance and function. Matching set with the ladle.

Black bucket with bamboo handle

36.030.09.0029 Dimensions: 35 cm; Ø 23 cm; 5 l € 81,00

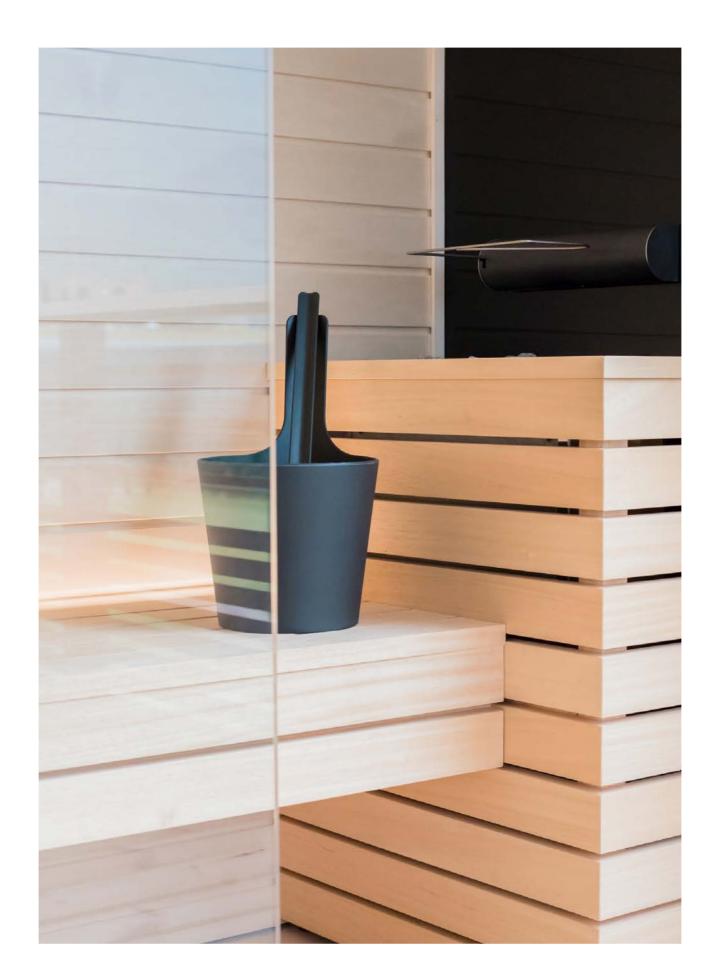

Silver bucket with bamboo handle

36.030.09.0033 Dimensions: 35 cm; Ø 23 cm; 5 l € 81,00

Champagne bucket with bamboo handle

36.030.09.0047 Dimensions: 35 cm; Ø 23 cm; 5 l € 81,00

Pisara

BIOCOMPOSITE SAUNA BUCKET AND LADLE

Neat lines and Scandinavian design in a **high-performance** item.

This **natural-fibre composite material is durable** and soft to the touch. It offers extraordinary stability to heat and humidity.

Set with white bucket and ladle

36.030.09.0025

Bucket dimensions: 38 cm; Ø 22 cm; 5 l

Ladle dimensions: 48 cm

€ 51,00

Set with black bucket and ladle

36.030.09.0038

Bucket dimensions: 38 cm; Ø 22 cm; 5 l

Ladle dimensions: 48 cm

€ 51,00

Basin

FOR WASHING RITUALS

Multi-function drop-shaped basin of Scandinavian design. Ideal for the rituals inside the Finnish sauna, Mediterranean bath and steam bath. This **natural-fibre composite** material is durable and soft to the touch, as well as resistant against the high and moist temperatures inside the heat and steam baths.

Black basin

36.030.09.0048
Dimensions: 37 cm; Ø 15,5 cm; 8,5 l
€ 47,00

Birch whisk

AN ANCIENT NATURAL REMEDY

The ancient sauna experts taught us that tapping the body with a birch whisk which has first been dried and then moistened is the best way to re-activate blood flow, favour perspiration, and open up the skin pores during the session inside the sauna.

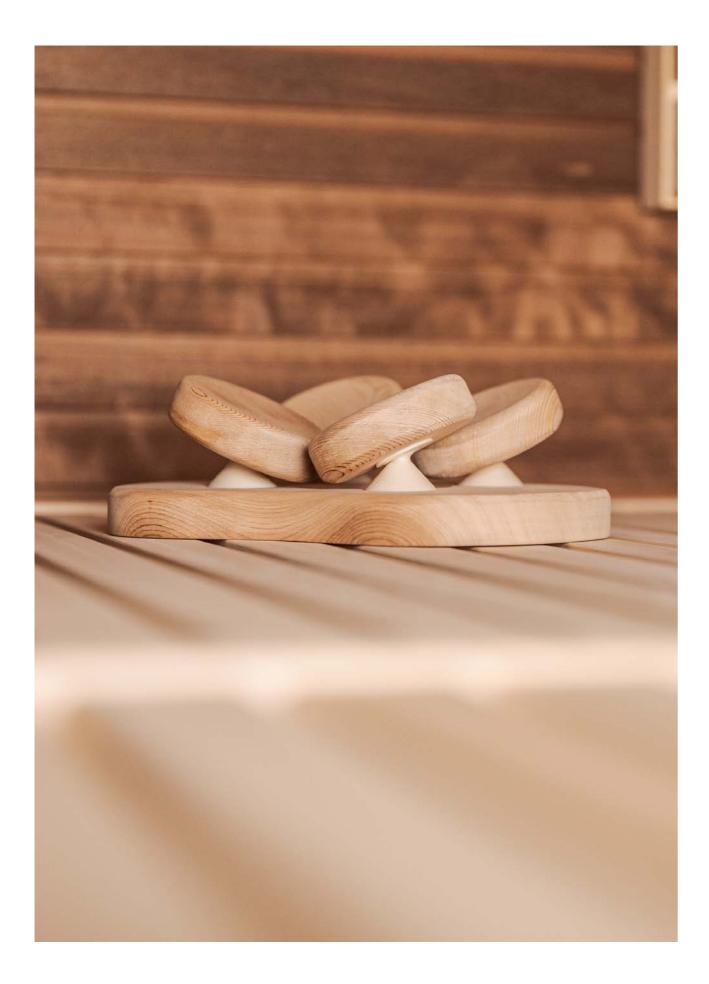

Dried birch whisk

36.030.09.0035

Dimensions: 50 cm

from € 6,50*

*refer to page 49

Headrest

FUNCTIONAL DESIGN AND UTMOST COMFORT

Innovative design and exclusive allure. A functional headrest that allows for a correct and complete stretching of the back and neck, making the stay in the sauna even more pleasant. This product is characterised by an **ergonomic shape**, thanks to the four **pads** that can rotate separately and accommodate the nape comfortably. The height of the pads was designed to ensure a posture of the cervical spine that allows relaxation of neck and shoulder muscles.

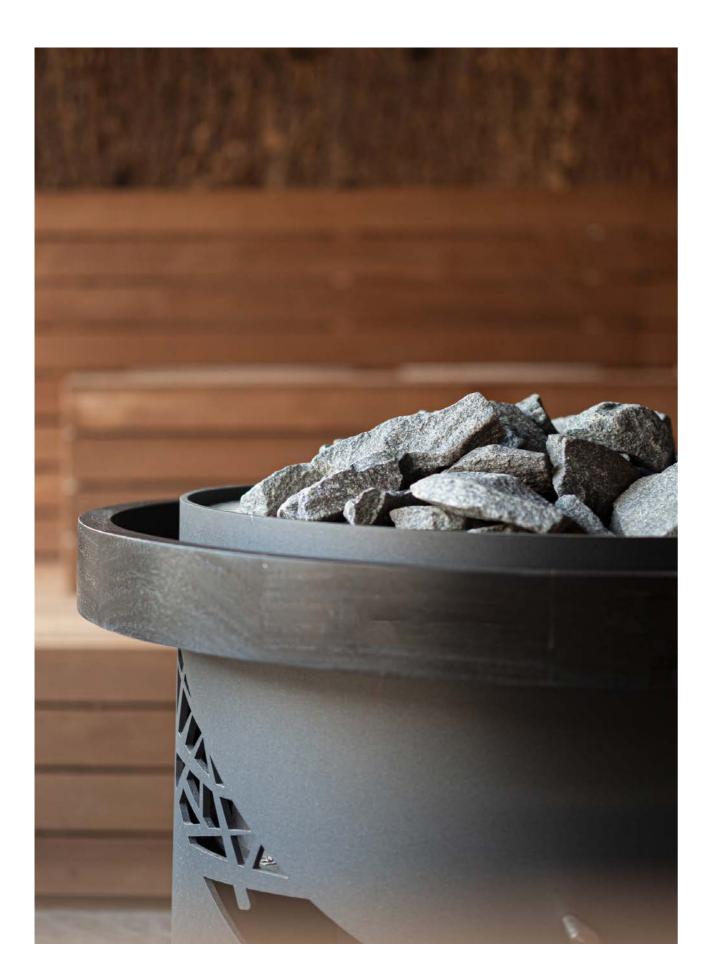

21.099.03.0026 Dimensions: 23 x 17 cm € 65,00

Headrest in savu black red cedar

80.030.99.0001 Dimensions: 23 x 17 cm € 80,00

Stones

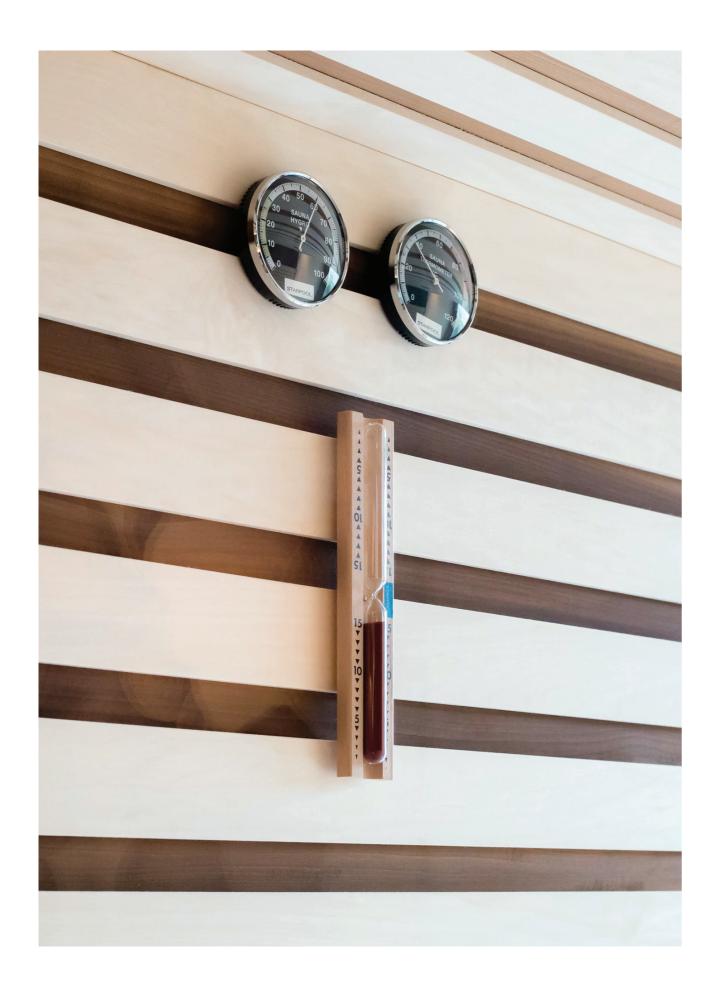

IDEAL TO SPREAD THE HEAT EVENLY

The stones **spread the heat generated by the stove to the entire sauna.** They retain the heat and allow to maintain the high
temperatures for a much longer time.

Granite stones

36.030.09.0011 20-kg pack € **68,00**

Thermometer, hygrometer and hourglass

MORE PRECISION FOR MORE WELL-BEING

The hourglass is a fundamental accessory that signals the passing of minutes and ensures the right session duration. The thermometer and hygrometer are necessary to detect the temperature and humidity inside the Finnish and soft sauna.

Thermometer D100

36.030.09.0022 Dimensions: Ø 10 cm € 44,00

Natural Hourglass

36.030.09.0021 Dimensions: 28 x 5 cm € 35,50

Welcome plates

THE WARMTH OF A WELCOME

The welcome and the area plates, which direct the guests inside the spa, complete the offer range. The plates are available in aluminium for wall application, and adhesive for glass application.

There are many options available: request them to discover them all.

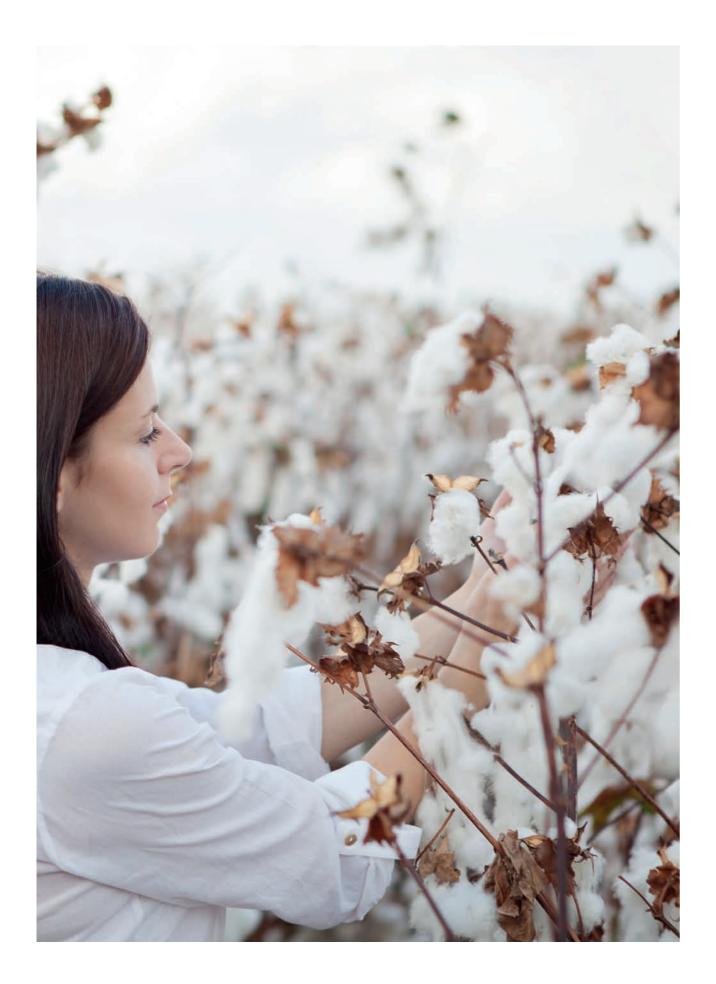

Aluminium plate

Dimensions: 30 x 20 cm € 87,50

Adhesive plate

Dimensions: 30 x 20 cm € 25,00

Textiles

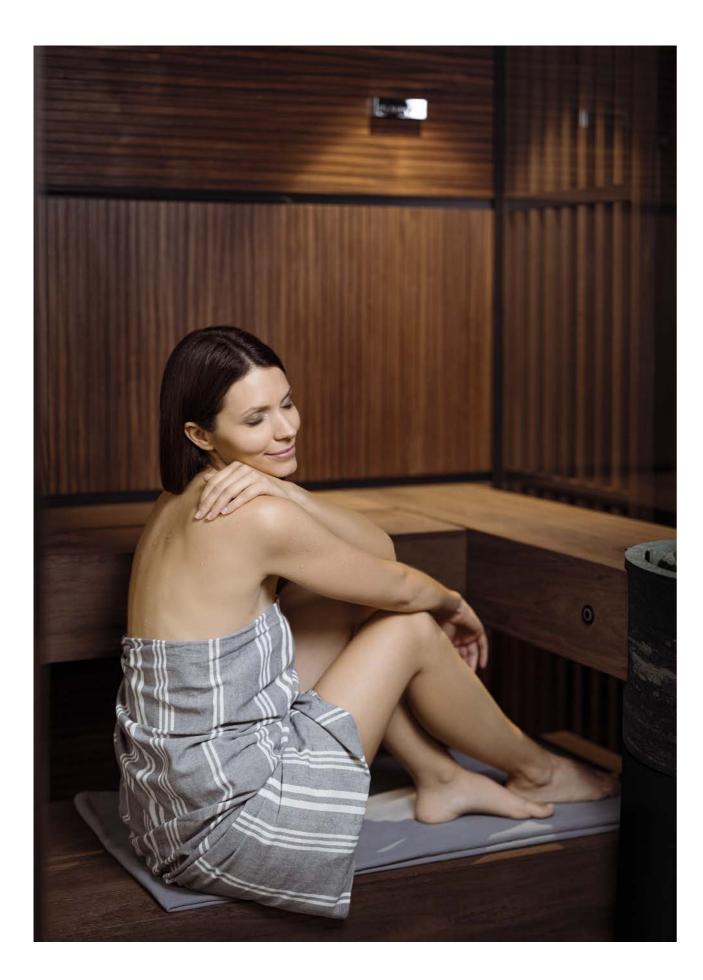

Embracing wellness

Spa linen that allows to enjoy a complete Wellness experience.

Our textiles are the **utmost expression of softness, elegance and function.** Towels, bathrobes and pestemals that are
impeccable in style; realised with high-quality materials; resistant
to intense heat; and beautiful for a long time.

Pestemal

COTTON TOWEL

The pestemal is a woven fabric cloth that has been used since ancient times to wrap the body inside hammams.

Soft and highly absorbent, it dries quickly and its 100% cotton natural and breathable fabric offers a warm and cosy sensation.

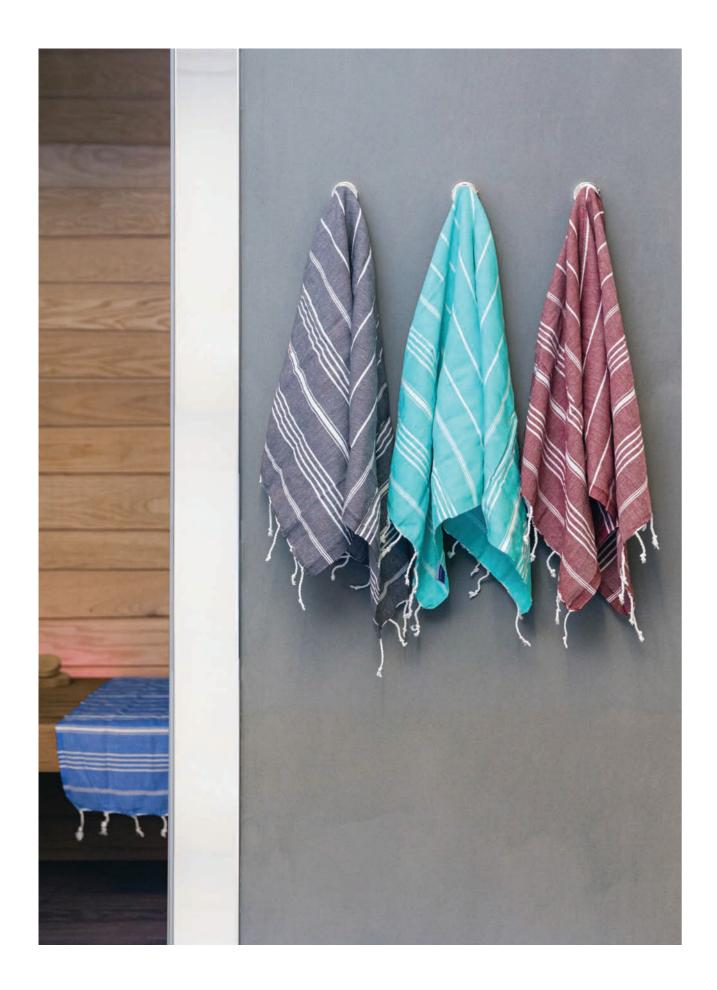

It offers **freshness and comfort,** allowing to enjoy the benefits of heat, without having to wear synthetic swimwear. It can be used in the sauna, in the steam bath and for the following cold reactions, and replaced with a dry and warm bathrobe during the relaxation sessions.

Pestemal with dark grey base and white stripes

98.024.09.3007 Dimensions: 100 x 170 cm from € **5,50***

*refer to page 49

Seat-cover towel

FOR TOP HYGIENE LEVEL

Realised in fine natural cotton and characterised by distinctive design, this towel is extremely **soft and plush.** It can be used inside steam baths and Mediterranean baths, spread out on the benches to welcome and protect the user. Practical and light, they come in different colours and **ensure a very high level of hygiene.**

Seat-cover towel - Charcoal

98.024.09.0467
Dimensions: 50 x 100 cm
from €3,90*

*refer to page 49

Seat-cover towel - Mint green

98.024.09.0465 Dimensions: 50 x 100 cm from €3,90*

*refer to page 49

Sauna hat

A COMFORTABLE PROTECTION

The cotton hat is the ideal solution to endure the high temperatures of the sauna and protect the part of our body that is the most exposed to heat. Wearing the hat not only **prevents** the overheating of the head and protects both ears and hair, but it also promotes a longer stay inside a hot environment.

Cotton hat - dove grey

36.030.09.0036 from € 26,50* *refer to page 49

Cotton hat - black

36.030.09.0049 from € 26,50* *refer to page 49

Bathrobe

FOR A COMFORTABLE, EMBRACING MOMENT

Plush and warm bathrobe with hood in pure-cotton terry cloth.

Breathable, soft and pleasant to the touch, it ensures perfectly

dry skin. Ideal after the cold reaction, or to be wrapped in a warm

embrace during the moment dedicated to relaxation.

Bathrobe with hood

98.024.09.3000 - 1 - 2 - 3 charcoal grey - unisex Size: S - M - L -XL from € 65,50*

*refer to page 49

Terry cloth mitt

FOR GENTLE CLEANSING

The terry cloth mitt by Starpool is designed to make the washing in the shower easier and to enhance the peeling effect of the scrub products in the steam and Mediterranean bath.

It is best used when slightly damp with shower gel and scrub products. Massage it on your whole body, especially on the areas that are more prone to be affected by hyperkeratosis (knees, elbows and heels).

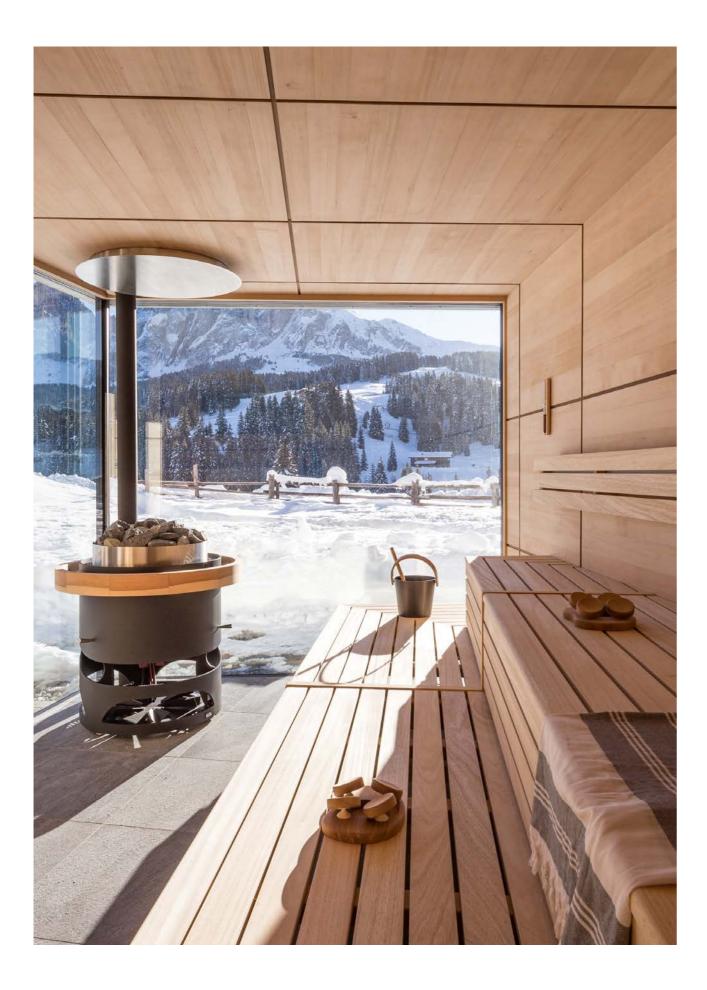

Terry cloth mitt

98.024.09.3009 Dimensions: 5 x 23 cm

from **€ 6,00***

My W-Ritual

Taking care of oneself and nurture one's wellness is an actual ritual that requires skilful gestures and attention to detail. We have created a new cosmetic line to complete your wellness rituals.

They are made of **selected ingredients, of gentle fragrances,** and aim to offer **deep sensory experiences.** Moreover, if **combined with the right method of use** according to your wellness goals, they turn your daily life into an actual ritual.

COSMETIC PRODUCTS COSMETIC PRODUCTS

Calm Oil

RELAXING OIL

Bring peace and relaxation into your wellness routine with Calm Oil, a combination of oils with calming and relaxing effects, ideal to favour sleep and especially indicated during the sessions of guided breathing techniques.

Sweet orange and lavender relax mind and body entailing an overall detoxifying and purifying action that enhances the benefits of the sauna or steam bath. Lemon balm counteracts emotional tension, states of anxiety and stress, with a pleasant action that promotes good sleep-wake balance.

Calm Oil

98.024.09.0528 1 dropper bottle Net volume: 10 ml € 13,11

Energy Oil

ENERGISING OIL

Rediscover your well-being with Energy Oil, a mixture of essential oils of peppermint, eucalyptus, myrtle and sweet orange peel. A combination designed for a revitalising experience of aromatherapy during the session in the steam bath or the Finnish sauna, where you'll be able to purify your airways, enjoy a positive revitalising and energising mental effect, counteract emotional tension, as well as states of anxiety and stress.

Energy Oil

98.024.09.0527 1 dropper bottle Net volume: 10 ml € 13,11

Mineral Scrub

DETOXIFYING SCRUB

Take care of your skin with Mineral Scrub, an exclusive union of volcanic white clay, sweet orange and peppermint essential oils, and of red algae with its re-mineralising effect. Your senses are embraced by its fruity, sweet, balsamic and spicy fragrance, while its formulation cleanses and revitalises your skin.

Mineral Scrub is ideal for all skin types and can be used in the steam bath, Mediterranean bath or while having a shower. It is easy to apply and to rinse away, leaving your skin brighter and revitalised.

MIneral Scrub

sp.a_system

sp.a_system

The method of use by Starpool

sp.a_system®, realised in collaboration with a team of thermalism and sport doctors and founded on thorough scientific research about the effects of heat, water, and rest on our body, offers an innovative method for the use of spas in hotels. We are pioneers in the Wellness industry thanks to this system, developed from the need to understand the physiological effects of Wellness programs and to ensure the best possible experience. Helping guests to use the spa consciously means instilling confidence in them, by diffusing the culture of wellness and, at the same time, manage the flows effectively.

In addition to the communication tools and accessories included in the basic kit provided to those who use the sp.a_system method in their spa, it is possible to purchase these items again to offer clients a complete and functional service that is always up-to-date.

SP.A_SYSTEM SP.A_SYSTEM

Bracelets sp.a_system

FOR A CORRECT SPA ITINERARY

Through the sp.a_system bracelets, it is possible to follow the correct sequence of equipment inside the spa, as well as the recommended time of usage which will entail real physical benefits.*

Fragrances

The power of fragrances

Perfume produces imperceptible vibrations in people's mind, reawakening its irrational part.

Fragrances can bring back long forgotten memories, as if they happened only yesterday. The abundance of details of these memories proves the immense power of a single fragrance.

Perfumes have a huge impact on psyche, thanks to the signals sent from the olfactory nerve to the brain, and act on the vegetative nervous system, improving both mood and cognitive function. Specific types of fragrances increase or decrease heart rate, others favour sleep, or give energy, or induce calm.

Fragrances for sauna, Steam bath, Mediterranean bath and shower

CERTIFIED PRODUCTS FOR PERFECT EQUIPMENT MAINTENANCE

Thanks to their very balanced and certified dilution formula between water, alcohol, and essential oils, our fragrances ensure an average 25% saving on consumption and olfactory perception greater by 30% than the typical products on the market. They not only offer an extraordinarily pleasant olfactory experience, but they are also safe on the skin, hypo-allergenic and free of preservatives and emulsifiers.

We offer an extremely wide choice range with over 20 different types of fragrance, compatible with the automatic dosing devices for steam bath, showers and Mediterranean bath, as well as sauna fragrance concentrates.

Detergents

Detergents and cleaning products

Hygiene and cleanliness are key to ensure a perfect wellness experience.

Spas, as well as pools and gyms, require particular care where hygiene is concerned.

To ensure sanitisation of the environments, we have selected a complete line of products, tested and certified according to the parameters of medical equipment. Ideal for thorough cleaning, they maintain the equipment in its best possible condition, thus extending its life cycle.

Hollu Use

READY-TO-USE ALCOHOL-FREE BIOCIDE DISINFECTANT

Ready-to-use sanitising and disinfectant biocidal product for the cleaning of wooden surfaces and cladding for Finnish sauna and soft sauna and for heat and steam baths in natural stone and marble. Also suited for the cleaning of surfaces or cladding in sky, PVC and polyurethane.

It is also suited for the cleansing and disinfection of waterresistant delicate surfaces and small-sized cladding, such as beauty and relaxation beds, pvc and polyurethane membrane, cupboard for the tea corner and beauty trolleys.

Hollu Use

96.010.01.1008

Package: No. 1, 1-It bottle
€ 14,00

Hollu Inox

READY-TO-USE DETERGENT

Ready-to-use brightener intended for the good upkeep of: **control panels, showerheads, door frames** and relative finish profiles, **stainless-steel** ice basin. It is a liquid product for **stainless steel**. **Non-abrasive and slightly oily,** it leaves a protective film on steel, making it shiny and protecting it from scaling, stains, fingerprints and dust.

Hollu Inox

96.010.01.0012

Package: No. 2, 1-It bottles

€ 32,00

DETERGENTS

Beta Schaum

READY-TO-USE ACIDIC-PH FOAMING SANTISING DETERGENT

Ready-to-use sanitising product. Intended for the surfaces of steam and heat baths in **ceramic, stoneware, glass and Solid Surface.** Also suited for the sanitisation of **bath tubs and water fittings in stainless steel.** Its composition easily removes oily stains and residues of cosmetics and scaling. If used according to the instructions indicated on the label, the treated surfaces are not altered and are thoroughly cleaned.

Beta Schaum

96.010.01.1009

Package: No. 2, 1-It bottles

€ 20,50

Baural

ACIDIC-PH SOLUTION TO DILUTE IN WATER

Acidic-pH solution to dilute in water. Ideal for the surfaces of steam and heat baths in **ceramic, stoneware, glass and Solid Surface.** Its use is recommended periodically and not daily against **scaling residues, stubborn dirt and rust stains.**

Baural

96.010.01.1010

Package: No. 1, 1-It bottles

€ 13,50

Sanicid

ANTIFUNGAL FOR FLOORS AND CLADDING IN CERAMIC,
STONEWARE, STONE AND MARBLE

Sanicid is an ideal product for the cleansing and sanitisation of floors, showers and foot basins. It helps to prevent mycoses, as well as other skin infections that are easy to contract in place where it is common to walk barefoot.

Water treatment

Products for water treatment

Maintenance and water monitoring are key factors for the safe use of pools.

The regular monitoring of pH and chlorine values in a pool is one of the most important tasks to ensure complete safety.

We offer a complete range of chemical products, divided by purpose and destination of use - be it home or professional, which ensure adequate treatment and compliance with the water parameters for small or large pools, and for dry floatation systems.

WATER TREATMENT WATER TREATMENT

Professional use

OUR CHOICE OF CHEMICAL PRODUCTS FOR WATER TREATMENT FOR PROFESSIONAL USE

CODE	ITEM	DESCRIPTION	PACK.	PRICE
